Electric Lights.

Electric lights add to the comfort and cheerfulness of the home that will be greatly appreciated at this season of the year. Electric lights are better adapted for decorative purposes than any other kinds of illumination. As they do not burn with an open flame, the danger of catching decorations on fire is overcome No matches are required to light them. Wire your house now.

You Can Work Near a Window

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The fillercap, put in like a cork in a bottle, is attached by a chain. This

heater has a cool handle and a damper top. The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for rewicking. The Perfection Oil Heater is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

When Buying Fuel

The consumer must always figure on the actual amount of heat and comfort that is got, en for the money spent.

We believe that our connections of long standing, coupled with the large amount of fuel that we buy, make it possible for us to sell the very highest grades of Coal and Wood at prices that are cheapest to the consumer. A trial order of our Coal and Wood, or an opinion from some of our satisfied customers, will prove that our idea of putting quality first is correct.

DYNAMITEJEXPLOSIONS. Residents of fifty blocks of east side, New York, tenements were awakened early yesterday by an explosion which shook the floors and rattled the window panes with all the violence of a mild earthquake. The center of the disturbance was on Forty-fifth street, where for hundreds of feet east and west the sound or breaking window glass and falling plaster caused 200 tenement dwellers to tumble from their beds and flee in scant attire to the streets. In the middle of the block a dynamite bomb had been exploded in the vestibule of an apartment house occupied mostly by Italians. Luckily the force of the explosion was mostly outward and none of the residents was injured.

The four-inch plank flooring of the restibule had been cut through as with lar ten fect below.

For the second time within three days a bemb was exploded in the Italian quarter on the South Side, Chicago. Two out of five sticks of dynamite placed in the doorway of 108 west Wentieth street exploded Wednesday night at midnight. The building is oc-cupied as an agency for a steamship line. Little damage was done by the explosion. The occupant of the house conducts a banking business for local Italians in addition to the steamship agency. It has received 3 Black Hand letters in six weeks. The last demanded that he bring \$1,000 to Gary, where he Best Japan Tea 30c. would be met at midnight by a repreentative of the gang.

CHRISTMAS AND SALOONS.

their places of business open Monday, December 26, which will be observed as Christmas day, may do so if they wish and not violate the law. This i the opinion of Mr. Richard Evelyn Byrd, special counsel for the state. The Mann law provides for the closing of saloons Christmas day. As the holiday comes this year on Sunday, following an old custom, Monday, wil be observed and celebrated.

This, however, does not change the law which says the saloons are to be closed Christmas day and not the day celebrated as Christmas.

In Norfolk on Wednesday, while not giving final decision, Judge Lancke said he thought under that section of the code which makes all Mondays following legal holidays of the same effect as the holidays, the Mann law closing saloons Christmas will require all places where whisky is sold to be closed Monday, December 26, which i Christmas this year.

Upon the receipt of this telegram, i was read to Attorney-General William and that official's opinion was asked in the matter.

Attorney-General Williams declined to discuss the matter and said he preferred not to give an opinion in the case unless the request came through the regular channel.

Mr. Byrd was then called upon and promptly replied that the law closing saloons Christmas day, December 25, could not possibly mean the closing The city of Santiago de Cuba was
